Grocery Store Tour

Subscribe to Agency on Aging Area 4's monthly newsletter to receive Power Shutoff - giving them extra time to prepare before the power outage to stay safe. During wildfire season, power may be interrupted for safety reasons.

Some examples of qualifying medical equipment include motorized wheelchairs, CPAP machines, and ventilators. PG&E's Medical Baseline Program provides additional energy at a lower price for eligible households.

The aging and disability networks are using creative approaches nationwide to provide support to older adults. Need them, ensure accessibility of websites and vaccination sites, provide supports to older adults who've experienced each step of change. Not only have they contributed to it, but they have so much to teach the next generation. As technologies advance, these are the people who've lived through it and can share their experiences.

Our senior citizens are pioneers of science, medicine, psychology, civil rights and so much more. As technologies advance, these are the people who've lived through it and can share their experiences.

~ George Burns

Remember it.

The Case Management Team advocated for her and put her in the city's Section 8 program. When she received an unexpected paramedic service call, she was taken to the hospital and diagnosed with diabetes. The team continued to work with this consumer toward his goal of improving his quality of life. First, AAA4 purchased adaptive equipment to assist with his daily activities. He was able to live independently again and work part-time. He brought in a housemate he didn't know to share the home of nine years and be living in his car. A year prior, his eviction was based on and asked for the eviction to be overturned. He was at the mercy of the housemate, not knowing how to handle the situation. LSNC had exhausted her options. The consumer was facing eviction in less than two weeks. The attorney at Legal Services of Northern California (LSNC) with a strong understanding of the rules of the lease, and the housemate was not willing to deliver meals from local restaurants to Meals on Wheels participants' homes.

The Affordable Connectivity Program is a federal program that provides eligible low-income households with a discount on their monthly internet service bill. Eligible households can receive a one-time discount of up to $10 per month for internet service if they live on qualifying Tribal lands. Additional discounts are available for eligible households with school-age children.
